

SG-10

This compact and lightweight steam cleaner is designed for intensive professional use. Thanks to its portable design and wheels, the **DiBO SG-10** is easy to move around and can be used flexibly in any location. **With a steam temperature of up to 165°C**, it efficiently removes dirt, grease and bacteria without the use of chemicals.

The robust stainless steel housing ensures a long service life, even with daily use in demanding environments. Ideal for cleaning companies and applications in hotels, gyms and restaurants.

Easy to use, powerful in performance – the perfect solution for those who want to clean quickly and thoroughly.
