

SG-30

Alongside the compact and lightweight DiBO SG-10, we offer the more advanced and powerful **DiBO SG-30** – a portable and mobile steam cleaner designed for professional use.

Like the SG-10, the SG-30 is user-friendly, versatile and easy to operate. Thanks to its increased power and performance, it is ideally suited for a wide range of applications across multiple sectors.

Recommended for use in::

- automotive
- hospitality (HoReCa)
- food industry
- public and communal areas

The SG-30 delivers efficient, high-quality cleaning results, making it a reliable solution for demanding professional environments.
